

# Woomelang and District Development Association

## Shop Committee Meeting Minutes

Date: Thursday September 27<sup>th</sup> 2018

Place: Woomelang General Store

Time: 18:00

### Present

|               |               |                 |
|---------------|---------------|-----------------|
| Trish Fraser  | Monica Outen  | Darrell Boxall  |
| Les Knights   | Grant Kelly   | Travis Mitchell |
| Rick Johnston | Jason Collins |                 |

### Apologies

No apologies

### General Business:

Health Inspector:

From the previous visit, Mon noted the following:

Double sink required, now in place - we now have a 1 $\frac{3}{4}$  sink for sale.

Trish to follow up on potential avenues for sales like this. - Gumtree, eBay etc.

Compressor has been moved from the rear storage room. It's working well in the new spot, and there's less heat and noise.

Lining the rear storage area: not required now, because the food storage has moved to the container. The door to the rear storage needs painting, at least on the inside.

Current building has:

- The Woomelang General Store
- Woomelang Postal Services
- Woomelang Home and Hearth (homewares and hardware)

Jonesy is looking to line the rear area to house Home and Hearth.

Jason has coolroom panels which might be suitable for lining.

It's possible we might need a roller door to replace the exterior rear door, or seals around the existing door to exclude dust.

The container works very well.

The fan/fan motor has come off the walk-in freezer (no longer required), and is available for sale.

The sandwich fridge died in January; the replacement unit currently in use belongs to Mon. Should we sell the repaired original unit or keep? Meeting decided to sell if possible.

Shade for the Container

- Dave Woodbridge can add shade-cloth by welding a frame to the container, which won't require a permit.

## Woomelang and District Development Association

- Whirligig for the roof - Jason suggests the ballpark price would be around \$160. The meeting decided to get one from Brad Petchell.
- We'll do both whirligig and shade-cloth.

Shop floor - at some point it needs a re-coat, Mon suggests a resin finish which will be more durable.

A bookcase has been stolen from the shed; Mon suggests a fence between the shed and the rear corner of the MPC yard, with double gates for vehicle access.

Mon would like to get some more nursery stuff for the store.

Trish to write to the Shire:

- RV signs
- signs with facilities at ends of town

**Meeting Closed at: 19:00**

**Next Meeting: TBA**
